The amendment received 30 September 2004 has been made of record. Claims 1-14 are pending.

The rejection under 35 USC 112 contained in the previous office action is withdrawn in view of Applicants' amendment.

The rejections under 35 USC 102(b) over Miyata and Hen contained in the previous office action are withdrawn in view of Applicants' amendment.

The rejection under 35 USC 103 over WO '770 contained in the previous office action is withdrawn in view of Applicants' amendment.

Claims 9 and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The amendment to claims 9 and 10 deletes the recitation of a polymer and thus makes it unclear as to whether Applicants' intend a vinyl acetate polymer or monomer. Appropriate clarification is required.

Claims 1-6, 13 and 14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bier.

This rejection is maintained for reasons of record. Applicants' arguments in traversal focus on the need to choose various components from several suitable species. This argument is not persuasive lacking a demonstration of criticality or unexpected results flowing from Applicants' choice of components.

Claims 7, 8 and 12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 11 is allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
